A. General Regulations

1. Show management will provide necessary security personnel during the hours the exhibit area is closed. However, the exhibitor is solely responsible for his/her own exhibit material and should insure his/her exhibit against loss or damage.
2. Exhibit booths must be staffed during exhibit hours by persons who are well prepared to explain, courteously and effectively, all products and services on display. Each exhibitor must wear an official exhibitor's show badge.
3. Management reserves the right to make modifications to the exhibit hours as may be necessary to meet program needs.
4. The exhibitor agrees not to dismantle or pack his/her display before the close of the exhibits. NSTA will assess the exhibiting company a \$350 fine for any booths dismantled, packed, or abandoned before the 12:00 noon teardown time. For exhibitors holding 300 square feet or more, the fee will double.
5. It is understood that no rooms, suites, or other space in conference hotels will be used for exhibit purposes, workshops, or other exhibitor sales related use without prior approval by show management. Social affairs of all kinds should be scheduled not to conflict with program events.
6. The exhibitor agrees to abide by all local tax regulations. Show management will advise of any tax requirements but each exhibitor is responsible for collecting and submitting payment of their own sales tax to the appropriate legal authority.
7. No one under the age of 18 will be permitted on the exhibit hall floor during set-up or tear down hours.

B. Construction and Arrangement of Exhibits

1. Exhibits must not project beyond the space allocated or obstruct the view of the exhibits of others. Reasonable effort must be made to provide space within the confines of the booth for interviews, demonstrations, distribution of materials, etc., so that visitors do not obstruct the aisles.

2. In straight-line exhibits, no solid construction will be permitted to exceed 4 feet in height except in the back half of the booth, where it shall not exceed 8 feet. For example - in a 10' x 10' booth, solid construction above 4 feet must begin at least 5 feet back from the aisle line. Management reserves the right to grant exceptions for non-continuous construction or free-standing display items.
3. In island spaces—20' x 20', 20' x 30', or larger—the entire cubic content of the space may be used up to the maximum allowable height of 20 feet including signage. Plans for island displays must be submitted to and approved by management 45 days in advance of the conference.
4. Any part of the exhibit which does not lend itself to an attractive appearance, such as unfinished side or end panels, must be draped at the exhibitor's expense. Management reserves the right to have such finishing done at exhibitor's expense.
5. All decorations must be flame-proofed.
6. All hangings must clear the floor.
7. Electrical wiring must conform with the National Electrical Code safety rules.
8. Exhibitors must comply with all city fire regulations.
9. Exhibitors, or their agents, shall not injure or deface the walls or floors of the buildings, booths, or the equipment of the booths. When such damage appears, the exhibitor is liable to the owner of the property so damaged.
10. Hanging signs cannot exceed 20' from the top of the sign to the floor, and only permitted above island booth spaces. Requests for exceptions must be made in writing to the NSTA Exhibits Manager 15 days prior to first day of show move-in for approval.

C. Limitations on the Use of Space

1. No exhibitor shall assign, sublet or share the space allotted without the knowledge and written consent of management.
2. Exhibitors must show only goods manufactured or dealt in by them in the regular course of business.
3. All exhibits, interviews, demonstrations, and distribution of materials shall be confined exclusively to the assigned booth and must be relevant to the exhibitor's products and shall not be made primarily to attract or amuse. Sufficient space must be provided within the exhibit booth to contain persons watching demonstrations and other promotional activities.
4. Each exhibitor is responsible for keeping the aisle or aisles near his/her booth free of congestion resulting from demonstrations or other promotions.
5. Musical instruments, radios, sound motion picture equipment, record players, or any noise-making machines shall be operated only at a noise level that will not interfere with other exhibitors or add unduly to general acoustic inconvenience. All such promotional devices must be approved by management 30 days prior to the exhibit opening and must be in harmony with any agreements entered into by the Association, the management of the hall, and applicable labor unions. Approval cannot be given, however, for the use of sound equipment for live demonstrations in booths less than 20' x 20'.

8. No animals are allowed in the Exhibit Hall unless prior approval is granted by show management.
