HSPA CONFERENCE

Whether this will be your first time attending the HSPA Conference or you are a seasoned veteran, HSPA invites you to participate in Mentoring Matters, our mentoring program. Participants will meet at the conference and connect with other Sterile Processing professionals to expand their networks and learn from one another.

Mentoring Matters 2027

This program is an excellent opportunity to discover new viewpoints, meet others of differing backgrounds, and expand your knowledge of our diverse and vast profession. Make connections that will last long past the conference. Become a mentor or mentee to advance your career and strengthen the Sterile Processing profession.

FOR THE MENTEE

GOALS:

- Network with others in Sterile Processing who share common goals.
- Obtain advice on how to attain your career goals.
- Develop your leadership abilities and problem-solving skills.
- Learn about the practices and cultures of other healthcare facilities to increase understanding of your own workplace.

RESPONSIBILITIES:

- Be proactive and willing to learn from your mentor.
- Be prepared with issues you want to discuss.
- Be ready to accept guidance and take action to achieve your goals.

FOR THE MENTOR

GOALS:

- Share your experience with a mentee who is eager to grow and make connections within our field.
- Grow your leadership skills by teaching, motivating and helping to guide someone's career.
- Learn new perspectives from others in Sterile Processing.
- Build your reputation as an advisor in the profession.

RESPONSIBILITIES:

- Guide and encourage your mentee to reach their specific goals.
- Provide feedback to help your mentee grow as an employee and future leader.
- Stay connected and provide ongoing support to your mentee.
