EXPECT SOMETHING GREAT!

The 2021 IAHCSSM Annual Conference & Expo will be *the* Sterile Processing event of the year. Join us to learn about best practices, stay current on industry standards and advance your professionalism - all of which will help keep your skills sharp and ensure you continue to shine within the discipline. You will also get to network with peers and some of the industry's brightest experts, and explore a sprawling Expo filled with the latest Sterile Processing-related innovations.

Just choose the dates you wish to attend in Columbus, Ohio (either October 9-11 or October 12-14), and together, we can have great expectations for a stronger SP future.

"I value the level playing field with the way this conference makes everyone feel special, from the front-line technicians to the directors and managers in attendance."

Learn from Your **PEERS** from around the country, in-person or virtually
