

Lumière Link is a 400-foot pedestrian link between St. Louis' central business district and the Mississippi Riverfront. Manned 24 hours by Lumière Place staff, the well-lit tunnel runs end-to-end from the vestibule in Baer Plaza across from Edward Jones Dome on the west, underneath I-70 and 3rd St., to Lumière Place on the east end, where it enters near SLeek and Asia restaurants. Pedestrians can then walk to the Landing and riverfront area.
