

Scott Bennett
Vice President, Provider Relations
The Phia Group

Scott Bennett is an attorney, data analyst, software developer, and a Certified Professional Coder through the American Academy of Professional Coders.

Scott worked as an Associate General Counsel, Director of Dispute Resolution, and designated company witness for six years at a nationwide medical bill review company focused on commercial reimbursement and workers' compensation fee schedules and disputes. In 2015 Scott joined a startup to build a reference-based pricing and provider network development company and also provided consulting to payors and providers focused on the data, risk, and industry trends in healthcare reimbursement before beginning work at Maestro in 2019.

Prior to his career in cost containment, Scott obtained his bachelor's degree and teaching certification from Gonzaga University; worked in I.T. as a Cisco Academy Instructor, data analyst, and application developer; authored two trade books for Pearson Education which were also translated into Italian and sold internationally; graduated from law school magna cum laude and worked as a criminal prosecutor. He and his wife live in Portland and take their dogs to Cannon Beach at least twice a year.

In addition to designing and defending cost containment programs, Scott has successfully litigated and participated in trials, depositions, negotiations, and mediations concerning medical billing disputes among providers, patients, and payors involving workers compensation, ERISA, antitrust law, and personal injury damages.
